## Less Depression in County Than in East

(Continued from Page 1-A)

distributed products, launched by the Los Angeles Chamber of Commerce and business men's and women's organizations, through advertisements sent out by this chamber to newspapers.

"Money spent for goods manufactured here, or distributed here, by firms that have established large distributing centers, goes to swell the payrolls in Los Angeles County. This money remains here and will help to provide jobs for those who otherwise would be out of work."

### DEFINITE FIGURES ON INCOMING RESIDENTS

Definite figures on the percentage of unemployed persons entering this section of the state by auto, said Director Fremming yesterday.

"Out of a total of 1820 cars questioned, 1670 cars, or 91.7 per cent, were well-financed families coming to spend the winter here as tourists."

"The remaining 150, or 8.3 per cent of the total, were looking for work. When asked why they came here seeking employment 111, or 74 per cent of this number, stated they came at the suggestion of their relatives or friends resident in this area."

### SCHOOL BOARD RETRENCHES

CLEVELAND. — The Cleveland board of education is planning to save the taxpayers \$227,000 during the next 12 months by refusing to grant salary increases to teachers and divers other means incorporated in a retrenchment program.

### HAIG'S BATMAN IDLE

## Motorists Should Secure 1931 License Plates Soon as Possible

California motorists may now secure 1931 license plates either by making application by mail directly to the Division of Motor Vehicles at Sacramento or by making a trip to any branch office of the Division where plates are being delivered over the counter.

Frank G. Snook estimated today that more than 50,000 persons are filing applications daily for the new black and gold plates.

Motorists who make application by mail will receive their new plates shortly after the first of the year. Those who make special trips to branch offices to secure plates may display them at once on their vehicles.

What to Remember

Snook cites the following as things for the motorist to remember in putting on his new plates:

1.—Place the plates not lower than 24 inches from the ground.

2.—Fasten the plates securely with bolts and nuts so that they cannot come loose or rattle off.

3.—Do not place the plates behind the bumper or other parts of the vehicle that will obstruct the view.

4.—The rear plate must be placed next to the rear light so that the rear light may illuminate the surface of the plate and make it plainly visible. The law requires that it be visible for a distance of 500 feet at night.

5.—Sign your certificate and place it in sight in the driver's compartment.

6.—Keep your plates clear of mud and dust.

### Small Farm Home Contest to Be Held

(Continued from Page 1-A)

acre home; (2) the best acre home, and (3) the best home of not less than one acre and not over two acres. Three prizes, \$25, \$10 and \$5 are offered in each class.

Must File Intention

No member of the staff of the Los Angeles Chamber of Commerce may compete. Application for entry of model or show places, developed by persons or firms for demonstration purposes, designed to facilitate the sale of land, will not be accepted.

First, those desiring to compete the Second Annual Small Farm Home Contest must file their intentions of entry before February 1, 1931, addressed to Ross H. Gask, contest manager, 1151 South Broadway, Los Angeles.

Second, your place will be judged from a photograph or photographs; a letter of not more than 750 words, and a ground plan of your property showing the principal plantings. These must be filed with the contest manager before midnight of June 30, 1931.

From those records, the best five places in each class will be selected and visited by the judges.

Photographic Records

So that you will have material for your final evidence, it is suggested that entrants keep a photographic record of the progress of their plantings during the next spring and summer and also notes on which to base a letter.

Although the entrants may follow their own bent in the preparation of their letter, upon which their property will be partially judged, here are some of the questions the sponsors would like to have answered: (1) Why did you seek the small farm home as a place to live; (2) What advantages in personal satisfaction and better living have you found in the small farm home; (3) Where is the head of the family employed and in what capacity; (4) How many hours a day are spent in the maintenance of the small farm home place; (5) Have your plantings and poultry yards contributed substantially to your table; to your actual living; (6) What suggestions would you give prospective small farm home purchasers in order that they may enter this mode of living successfully. The contest sponsors reserve the publication right to all letters, photographs and sketches that are submitted.

## Three Mexicans Jailed in Raid

Three Mexicans, two men and a woman, were charged with possession of liquor in court December 24, following a raid by local police officers on a home in the pueblo district in which a case of beer was found.

The men, Frank Ordaz, 28, and Espinosa Dabla, 25, were fined \$10 each which they paid. The woman, Carmeli Herrera, 28, was charged with the same offense and was released on \$50 bail to appear in Police Judge C. T. Rippey's court January 2. Reports of the arresting officers stated that the woman emptied a quantity of liquor when they were questioning the men in the bedroom of the home.

Narbonne Players At Harbor City School

An organization composed of former Narbonne high school students, known as "The Young People's Dramatic Society," will present a play at the Harbor City school, 2264 West 254th street, Harbor City, Friday evening, January 16.

Permission for the use of the Harbor City school auditorium was given by the Los Angeles City Board of Education at a meeting December 24. A small admission to defray expenses will be charged.

## Legion's Posts Will Compete in Contest Activity

Best Program Outlined For Conservation in 1931 To Get Trophy

American Legion posts in Southern California counties, including Santa Barbara county, will compete for a conservation trophy offered by the Los Angeles County Conservation Association for the best program of conservation activity during 1931, according to Paul H. Gray, chairman of the award committee.

The trophy will be a silver cup and will be perpetual. It is awarded as a means of recognizing the importance of conservation activity undertaken by various Legion posts throughout this portion of the state, and as a means of stimulating interest in the care of natural resources.

A similar trophy has been awarded by the conservation association for the past three years, and is now the property of Pasadena Post No. 13, by whom it had been won three successive times.

Last year the Pasadena post won the trophy upon a program that embraced the coordination of the efforts of federal, state, county, and city agencies in fire prevention and suppression; a program of public addresses that were delivered before thousands of people; political assistance in securing necessary legislation for fire prevention; and cooperation in aiding both the forest service and county forester during periods of high fire hazards. The cup will be awarded at the state convention of the American Legion.
